2. Which experience fits your wedding vision best?

Select the package(s) that aligns with your goals. We can always adjust later.

Package A: The Curated Experience

A semi-custom design experience using classic Eden Hill design layouts. Best for streamlined timelines and straightforward needs. — (Base package begins at \$1,000 per design phase)

Package B: The Bespoke Experience

A fully custom design experience built completely from scratch to seamlessly reflect your unique event identity. — (Base package begins at \$3,500 per design phase)

We do not need a full design package. We are looking exclusively for standalone assets (e.g., signage-only collections, a custom family crest, digital invitation design, or specific art.) — Custom Quoted

3. Which design phase are you looking to design with us?

We break our event projects into two distinct phases. You may hire us for a single phase or combine both to establish an unbroken visual narrative throughout your entire celebration lifecycle.

Phase 1 — Mail Assets

This phase pertains to all social correspondence associated with your event(s). It is primarily built around the Wedding Invitation Suite, but can be tailored to include Save The Dates, and much more.

Phase 2 — Event Assets

This phase pertains to all assets to be displayed and engaged with on the day(s) of the actual event(s). It is primarily built around Wedding Day-of-Details, but it can be tailored to include related event assets as well as gifts, keepsakes, and more.

Both Phase 1 & 2

Both phases from start to finish.

Neither — Need a Custom Quote
